"I have been a VA Dietitian for 17 years and I love the endless opportunities and practice areas VA has to offer. I started my career as an inpatient clinical dietitian, moved into ambulatory care where I obtained my diabetes educator certification (CDCES), and then moved to our Dietetic Internship Director position. Dietitians are valued at VA, and I enjoy working with interdisciplinary teams. Everyday, I have the opportunity to give back to those who served our country, and that provides me a great sense of service back to the Veterans."
